Heartbroken over a lost love, Miss Rachel Shelton embarked on an adventure that turned out to be more than she bargained for. Thrown into dangerous waters with a man that is determined to protect her, she must decide if she can trust him with her life. Brian Harper, an undercover agent for the War Office, finds himself in a scheme that not only endangers himself, but also the woman he has loved from afar. While trying to apprehend a thief, he receives a gift far more valuable than jewels: a second chance at happiness. With double agents and pirates threatening them at every turn, Brian finds himself in an impossible situation. There is no one he can trust. In a web of lies, will Rachel and Brian lose their lives to the ocean, or will they stay alive long enough to prove that with love, they can accomplish anything?
