Aardwolf Publishing had been working with Dave Cockrum since the our inception. When Dave fell ill, Aardwolf teamed with Neal Adams to help get the word out to the industry. Besides being a legend...Dave was simply a great guy. Everyone wanted to help. The results included fund-raisers, art auctions, an agreement with Marvel that helped pay Dave's medical bills, and this book -- a tribute to Dave Cockrum from the foremost names in the comic industry, of this era -- or any era.
