She only mentioned it in an offhand way, but her boyfriend Bradley took her seriously and before she knew it, he'd picked up Glenda, a lovely girl who was good to go for a first ever lesbian sex encounter and a scorching hot mff ménage a trois! She'll get to enjoy her first taste of a woman while she watches Bradley treat Glenda to some rough sex! Warning: This ebook contains very explicit descriptions of sexual activity during a first lesbian sex threesome encounter. It includes rough sex, deep throat, mff threesome sex, lesbian sex, and semen swallowing.

It is intended for mature readers who will not be offended by graphic depictions of sex acts between consenting adults.

Here is a preview: I was still in shock, but Bradley put a hand under my arm and lifted me up.

I had to admit, there were a million things I could have done that evening and not one of them was as wonderful to think about as holding Glenda in my arms, but still, it had been about fifteen minutes from the time I told him the fantasy even existed! Walking to the elevator and then to the room, though, gave me time to not only get comfortable with the idea, but also excited. By the time I slipped the key card into the lock, I

was soaking wet. I opened the door to the hotel room and Glenda stepped in ahead of me. Bradley was right behind us and I'm not sure if he was staring at her ass like I was, but I imagined he was. My heart was beating faster and faster and I thought I might faint before we ever got to the bed, but I followed her, watching her ass the whole way until the door was closed and the three of us stood by the bed.

I wasn't sure how to get everything started, but it was Bradley who moved quickly.

He put his hands on Glenda's shoulders and pushed her down on the bed, moving on top of her and putting his mouth on hers. I felt a thrill run through me as I watched them on the bed together. It was strange to see them, almost like an out-of-body experience, but it was still enjoyable. To see his body pressed against the exotic new one was something that made me excited, that I couldn't deny. I watched him kissing her. He wasn't gentle like he was with me.

There was no romantic seduction involved. He just grabbed her and threw her on the bed and began kissing her. His hands worked roughly to take her clothes off while his mouth worked on hers. I was just getting more and more turned on and I quickly pulled my own shirt off and threw it on the floor. Soon, my bra followed and then, my shorts and my panties completed the pile.
