“Our pride rules the empire now.” A new era has begun in Tzoladia! But lions are not the only things prowling the streets. The brash young ruler has inherited an empire full of divisions, intrigue, assassins, and disease. Have the last days arrived? Where are The Deliverers? Brina matches wits with the ruth and brutal Bladar. Amanki fights the face and deadly blue sickness. Moshoi battles the rest and all-consuming desires of his own heart.

Three Seals. Three Deliverers. One last chance. Will anyone escape Tzoladia alive?
