Scott's never been the most confident of men. When he gets scared by something, running away has always seemed like a pretty good option. The latest letter he hands Joe is by far the hardest he's had to write. Knowing what will happen when Joe reads it terrifies him. Will Scott have the courage to hand it over? Will Joe be able to calm his submissive's panic? Or, maybe Scott's not the only one who'll be scared once the content of the letter is out in the open... NOTE: Don't miss the next installment in the series, Pushing The Envelope, Book XII: Yours Faithfully, available August 2012.
