For fans of Janet Evanovich, a hilarious new family to fall in love with. Fast-paced and original. Against her better judgement, Vegas videographer Jeannie Gee reluctantly agrees to shoot a wedding on short notice. Things go from annoying to wrong, to very wrong. Murder charges seem likely.

Andrew Fernandez, once a star athlete, now has a vice. His vice leads him to a place called Joker Island, which he quickly learns is no joke. As Jeannie tries to pry herself out of trouble, she is simultaneously pursued by an old enemy, and a cop with old-timey theories. She enlists the help of her forensics-obsessed mother and her “extra-large” big brother to track down the source of her woes. Danger, romance and photo ops ensue.
