Chronicles of Cleopatra Hill includes the two “back in time” novellas from the Witches of Cleopatra Hill series, Bad Blood and The Arrangement. Although they’re set in the past and therefore can stand mostly on their own, it’s recommended that you read them after Spellbound, Book 6 in the series. BAD BLOOD: The star-crossed love that started it all... Hannah McAllister’s future is laid out before her, as clear as her journey from Scotland to Arizona, where she will exchange vows with her dull-as-dishwater betrothed, Boyd. But for a precious few hours, she is free to explore the wonders of New York City, where she encounters a handsome, compelling warlock, Nathan Wilcox. Nathan didn’t run into Hannah by accident. His brother and head of the clan, Jeremiah, sent him to learn more about the newest witch family to make an appearance in New York. He feels an instant, soul-deep connection to Hannah, but he, too, is betrothed to another based on clan loyalty, not love. A walk in Central Park, a kiss, and the die is cast for love, betrayal, and a spell that will reverberate for generations to come... Warning: Contains a star-crossed relationship that doesn’t end in a HEA, but sparks a chain reaction of love that echoes down the generations. THE ARRANGEMENT: Sometimes a curse becomes a bing in disguise....

Jeremiah Wilcox's wife died cursing him and all the sons of his line.

Struggling with his solitary existence, Jeremiah has spent the days since her death ensuring his family

prospers...even while wishing for what he knows he'll never have. When the enchanting, widowed Lorena Simms arrives in Flagstaff, Jeremiah finds he may have to reexamine everything he believes about the curse — and his own heart. But first he must convince Lorena that he will love her for who she truly is. Can either of these cursed souls have a chance at true happiness?
