Fantasize about a steamy encounter with a gorgeous horny beast of a rocker. Full of sizzling sex with four rock stars, this novel satisfies even the most insatiable appetite. Join a young woman from Argentina and her three girlfriends as they explore the limits of their sexuality with kinky, erotic experiences. And what happens when they revive an ancient fertility ritual of the goddess, Hekate? When Yasmin, a young Argentinean girl with a strong dedication to investigate paranormal phenomena and a deep love for rock'n'roll music sets off to London to research a mysterious stone circle where unexplained things keep on happening, she doesn't even suspect that her study will bring her to explore the limits of her sexuality and will make her discover kinky, erotic experiences only perhaps some most lusty groupies have been privy to. She and her three girlfriends with whom she shares the earnest love for an iconic British heavy metal band and curiosity about the paranormal begin to investigate the vicinity of that gloomy cairn. But what happens when the hot chicks, erotically fascinated by certain rockers, accidentally revive an ancient fertility ritual in their quest for the unknown and wake up the magic of the goddess Hekate, queen of the underworld? The forces awakened by the ritual bring them back in time to the 80s. Drawn by accident or also magic the members of the girls' beloved band find them in the stone circle confused, beautiful and naked, still entranced by maddening dance that took them 26 years back. The rockers turn out to be the men from their wildest erotic dreams and

fantasies. Thanks to their rockstars' sexual skills the girlfriends discover how kinky but pleasurable groupies' life may be like and they gradually cross borders in their own sexuality overcoming their inbuilt moral limitations, finding out that bondage is what they really like and the more perverse the better... Whether you liked or absolutely hated '50 Shades of Grey' this book is a must for you, if you're into erotica, graphic descriptions of intimate love-making, so real that it's hard to believe they are fictional will make you enjoy this first installment of the sensual saga. Adult-content rating: This book contains content considered unsuitable for young readers 17 and under, and which may be offensive to some readers of all ages.
