This work provides an up-to-date picture of the constitutional law of the European Union and the law governing forms of co-operation among the Member States, such as common foreign and security policy. It describes the pathways for integration in the EU, outlining the substantive, temporal and territorial jurisdiction of the EU. It analyses substantive European law, and gives particular attention to the principles of the internal market and EMU. Other issues include: .

The European Constitution.

The legal position of the actors in EU law. The decision-making process. The sources of EU law. The role of EU law in the national legal systems. International activities of the EU
