Blackmail And Murder and Lies - Oh My! When Sadie McIntyre gives a drunken Marylou Paretsky a ride home on a rainy night, little does she realize it's the last time anyone will see Marylou alive. Tragic accident? Or Murder? The following morning, Marylou is found dead at the bottom of her staircase. What first appears to be a drunken tumble becomes far more complicated as Sadie discovers Marylou wasn't as sweet and timid as everyone thought. Turns out Marylou spent her spare time digging up dirt on her neighbors and left behind a list of their secrets. Much to her horror, Sadie's name is right on top. Eager to keep her past buried, Sadie, with the help of her best friend Rob and Dan Bartlett, the town's sexy new chief of detectives, sets out to who on the list was desperate enough to kill. Will she discover the answer before the truth gets out? Or will the killer find Sadie first?
