It's good to be alive...when you're dead! Meet Alex & Tristan, modern star-crossed lovers of the supernatural variety. Alex is running-on-empty, one year on from the death of her fiancé, and the only thing that keeps her going is her romance with the young vampire Tristan.

Tristan, meanwhile has a serious obsession with Bruce Springsteen, and is battling a 'can't live without you' sort of love for Alex. He's trying to persuade her to come over to the dark side but so far she's resisting his efforts.

So come and sing along to Tristan's band, The Dead Beats, the hottest group in London right now, and walk with Alex as she teeters between this life and the next. Because when you're around Tristan, you'll see, how much fun it is to be alive when you're dead....

Night Sighs is an adult paranormal romance, following the relationship & adventures of Tristan & Alex through five short stories: The Dead Beats, The Ancients, Until My Body Is Dust, Bourbon & Jazz and West of Forever.
